Title: LOCATION SERVICES IN A PACKET RADIO NETWORK

REQUEST FOR RECONSIDERATION

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the Office Action dated February 4, 2005, please reconsider the patentability of the pending claims based on the following remarks. Preliminarily, Applicant delays rewriting the allowable subject matter of claims 4 and 5 in independent format to afford the Office the opportunity to fully reconsider the allowability of the rejected base claims based on the following remarks.

Claims 1-3, 6-8 and 14-16 were rejected under 35 U.S.C. 103(a) as being unpatentable over Huttunen et al. (U.S. 6,356,761; hereafter "Huttunen") in view of Fried et al. (U.S. 6,094,581; hereafter "Fried") and claims 9-13 were rejected under 35 U.S.C. 103(a) as being unpatentable over Huttunen, Fried and Billstrom et al. (U.S. 5,590,133; hereafter "Billstrom"). Applicant traverses the rejections because the Office Action has not established a *prima facie* case of obviousness because: (1) the combined teachings of the prior art references fail to disclose, teach or suggest, all the features recited in the rejected claims; and (2) one of ordinary skill in the art would not have combined the teachings of the cited prior art as hypothesized by the invention.

CITED PRIOR ART FAILS TO TEACH OR SUGGEST ALL CLAIM FEATURES

For example, the cited prior art references fail to disclose, teach or suggest the claimed method for providing location service information related to a mobile station in a
